

OSE

Hazardous Transport Experts

OSE provide unique value to the Chemical, Oil and Gas industries through our expertise working with some of the largest and most internationally renowned companies within the industry, supported by our extensive coverage, innovative thinking and cutting edge technology.

A dedicated planning and support process as well as complete understanding of the customers and industries we serve enables OSE to design and implement a tailor-made service for the Chemical, Oil and Gas industries.

Our considerable resources not only enable a highly efficient automotive logistics service throughout Europe, but also maintain our highly competitive prices within the market.

Across our complete range of services including UK Sameday, UK and European Express, Economy European Freight and International Air and Sea Freight, our ADR qualified drivers understand the complexities involving Hazardous consignments and the utmost care is taken at all times.
