

OSE Hazardous Transport Specialists

Worldwide Transport for Chemical, Oil and Gas Industries

OSE have worked with a number of well-known companies within the chemical industry for over 10 years.

These companies entrust us to transport their hazardous goods safely, ensuring every consignment receives due care and attention at every single stage.

This is testament to our impeccable track record and demonstrates why we are one of the UK's leading providers of worldwide transport services to the chemical, oil and gas industries.

All of our drivers are ADR qualified, meaning we have complete understanding of the logistical nature of hazardous consignments, to ensure your cargo makes its journey, smoothly and securely.

For more information visit our hazardous services page [here](#).

We are confident that if considered as one of your logistics partners, we will provide you with the most competitively priced range of tailor made transport services.
