

# OSE European

## Bespoke transport for medical and pharmaceutical industries

OSE has over 10 years experience providing first class transport services to the Medical and Pharmaceutical industries.

Specifically for medical and pharmaceutical consignments, we provide bespoke temperature controlled, satellite tracked vehicles, offering you the peace of mind that you can follow the exact location of your goods at any given time.

Our Medical and Pharmaceutical options are suitable for large and small loads and can be chosen on our full range of transport services including UK and European Express, Economy European Freight and International Air and Sea Freight.

Find out more information on our specific services below:
